№ Т/П/0051 - 13- 01 2023 года

Уважаемые организаторы и участники
III Художественно-промышленной выставки-форума
«Уникальная Россия»!

От имени Торгово-промышленной палаты России благодарю вас за организацию и проведение столь важного в настоящее время для российского общества события, как проект «Уникальная Россия». Он посвящен поддержке и развитию креативного сегмента, которому сегодня уделяется большое внимание со стороны Правительства Российской Федерации, бизнеса, общественных организаций и творческих коллективов.

Значимая составляющая креативного сектора – инновационность создаваемых продуктов или услуг. Данное направление в ТПП РФ традиционно является одним из приоритетных, а возможность капитализации и коммерциализации прав интеллектуальной собственности, я уверен, будет отличным стимулом для развития малого и среднего предпринимательства.

Кроме того, креативные индустрии обеспечивают рост несырьевого экспорта: повышается доля высокотехнологичной продукции, цифровых сервисов, креативных услуг. Безусловно, креативные индустрии сохраняют огромный потенциал не только для экономического роста страны, но и повышают ее инвестиционную привлекательность, способствуют развитию позитивного имиджа России.

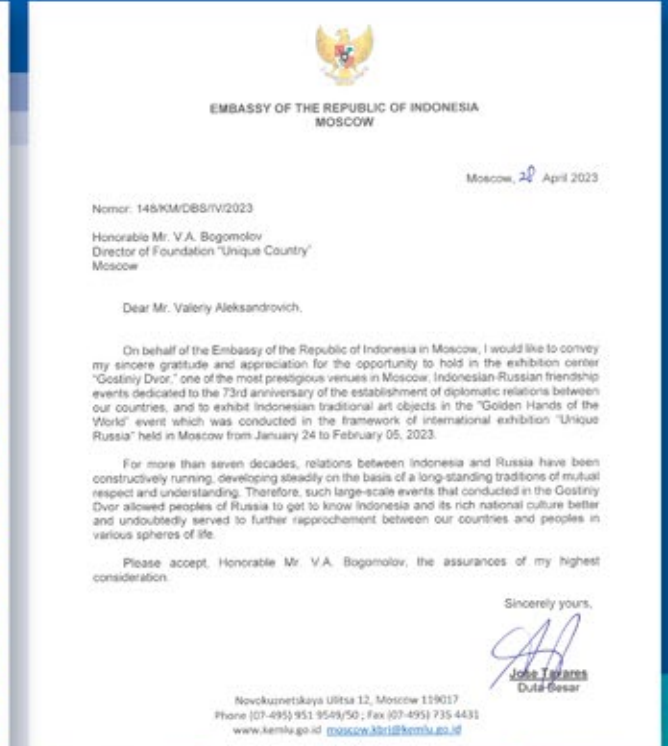

Организаторы проделали огромную работу: сформировали насыщенную деловую программу, привлекли авторитетных российских и зарубежных экспертов, обеспечили участие предприятий народных художественных промыслов и представили работы талантливых авторов и художников из многих регионов России. Однако предстоит еще большая работа по итогам дискуссионных площадок – сформировать решения, в которых будет отражена детальная стратегия и видение развития креативных индустрий по отраслям, в контексте Концепции развития творческих (креативных) индустрий и механизмов осуществления их государственной поддержки, утвержденной Правительством Российской Федерации в соответствии с распоряжением № 2613-р от 20.09.2021 года.

Представляя интересы всей системы торгово-промышленных палат России, хочу обратиться к экспертам с предложением уделить особое внимание вопросам развития творческих индустрий именно в регионах нашей страны, что сможет способствовать трансформации городов в инновационные и интеллектуальные центры со стабильными показателями роста благосостояния.

Желаю участникам выставки-форума «Уникальная Россия» плодотворной работы, расширения деловых контактов и процветания бизнеса во благо России!

Президент

JUNE DAY

Dear friends!

In 2023, we are celebrating the 3rd anniversary of the "Unique Russia" project!

The idea of the "Unique Russia" project was born on June 12, 2020. Later on, a concept appeared that formed the basis of the Art and Industrial Exhibition-Forum "Unique Russia". Now we see that our concept

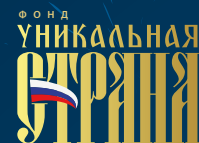

of the project – to bring together culture, art and show the traditions of our multinational country on one exhibition site, is so much in line with the spirit of the times that it has already begun to build and grow organically, by itself. The circle of our like-minded people is constantly expanding. A huge number of people are being charged with our ideas. Interest in the exhibition is growing exponentially, and the name of the exhibition - "Unique Russia" – has become recognizable.

ThankstoallourFriends,Partners,Like-minded People and everyone who participates in the exhibition - our esteemed artists of decorative

and applied art, painters, artisans, enterprises of folk art crafts, art galleries and antique salons, artists, fashion designers, to everyone who helps us in organizing the exhibition space, business and cultural program, to everyone who promotes the exhibition in public, to all visitors who took the time and came to us to enjoy the beauty, get in a good mood and make purchases pleasant to the heart. Bright memory to those who stood at the origins of the project, helped its development, participated in exhibitions and who are no longer with us.

Together we are a Unique Russia!
